IT'S UP TO CARRANZA.

(Continued from First Page.)

satisfactory. Secretary Baker said the suggestion that the senior class at West Point be graduated at once for active service was being considered. The department had no additional advice from Gen. Funston regarding the movement of Carranza's troops near the border.

An over-night despatch from Special Agent Rodgers at Mexico City received at the state department today said arrangements had been concluded satisfactorily for special trains to carry Americans and foreigners to Vera Cruz. A later message from him said a train leaving Mexico City yesterday carried a special car with 30 American citizens, mostly women. The train should be in Vera Cruz today, unless the car is detained.

AMERICANS IN HIDING.

Fear to Make Their Way to Border Because of Feeling of Natives.

EL PASO, June 21. — Five Americans are in hiding in the mountains in the vicinity of Paral, fearing to attempt to make their way to the border because of the feeling of the native population, according to reports here today.

Despatches from Mexico City at the local Mexican consulate here said in substance that the de facto government holds that any foreigner acquiring real estate in Mexico, either by purchase or contract, must renounce first his allegiance to his native country and register himself as a citizen of Mexico.

MANUFACTURING MUNITIONS.

Mexican Government Factory Working Night and Day.

LAREDO, June 21. — Approximately 17,000,000 rounds of ammunition has been taken in charge by Carranza authorities throughout Mexico and the government factory is working 24 hours daily to increase the supply, according to an American refugee from Mexico City. The output is approximately 30,000 rounds of cartridges daily.

LAST CONSUL TO LEAVE.

Silliman Reaches Eagle Pass from Saltillo—Reinforcements Arrive.

EAGLE PASS, Texas, June 21. — Consul J. R. Silliman arrived in this city early today from Saltillo. He expects to remain here for several days. Mr. Silliman is the last American consul to leave Mexico. Gen. Murdie, a Carranza commander, arrived at Piedras Negras, the Mexican town opposite here, today with a force of 2,000, reinforcing the garrison there.

GATHERING AT FRAMINGHAM.

Massachusetts Militia Arriving at State Camp Grounds Today.

FRAMINGHAM, Mass., June 21. — The state camp ground was ready today for the arrival of thousands of members of the Massachusetts national guard mobilized in preparation for service on the Mexican border. Companies from Hudson and Haverhill were the first to approach the parade ground.

Seven batteries of infantry, four troops of cavalry and a machine gun company were ordered to follow routes which would bring them together in Boston where they were reviewed by Adjutant General Cole and Mayor Curley on their march through the city. Troops from the western part of the state were expected to arrive late in the day by special trains.

The manner in which the call for troops was answered was indicated by the five militia organizations of Worcester which had 146 recruits in the ranks, all of whom had enlisted in the last two days.

SIXTH WON'T BE CALLED.

Because Massachusetts Already Has Furnished More Than Its Quota.

BOSTON, June 21. — For the reason that Massachusetts has supplied a larger quota of militiamen for Mexico border duty in proportion to its population than any other state the war department is adverse to calling out the Sixth regiment as desired by the officers and men of that regiment, according to a telegram received at the governor's office today from Congressman John G. Rogers. In the absence of Governor McCall it was said at his office that there would probably be no change in the quota of the regiments ordered out.
